

**GOVERNMENT OF ANDHRA PRADESH**

**ABSTRACT**

Irrgn. & CAD Department – Constitution of Technical Committee for review the allocation of water from Singur to twin cities as sufficient water is made available from Krishna and Godavari rivers - studying the issues related to increase of 1.0 TMC water from Singur Dam to Osmansagar for providing of water supply to Vikarabad Municipality - Orders – Issued.

-----  
**IRRIGATION & CAD (PW-REFORMS) DEPARTMENT**

**G.O.Rt. No. 863**

**Dated:24 -12-2010**

**Read:-**

**From the Managing Director, Hyderabad Metropolitan Water  
Supply & Sewerage Board , Hyderabad, Lr. No. DT/T5-S6/WS  
to Vikarabad Mplty. 10-11-2682, dt. 27-09-2010.**

**ORDER:**

In the reference read above, the Managing Director, HMWS&SB, Hyderabad has stated that in G.O.Ms.No. 146, MA & UD (A1) Department dt. 9-3-2007 , Govt. have accorded Administrative sanction for Vikarabad Water Supply improvement scheme with 3 MG GLSR of HMWSSB at Singur as source. The scheme was designed by the ENC (PH), Hyderabad for providing 5.40 MLD as bulk supply from Singur MBR during the year 2006. Laying of 500mm and 450mm dia AC gravity pipeline to draw 5.40 MLD water to Vikarabad was taken up by the ENC(PH), Hyderabad. The cost of junction work and AMR Meter amounting to Rs.23.00 lakh was deposited with HMWSSB. Now the Public Health Department has requested the HMWSSB to release water to Vikarabad Town. He has also stated that the allocation of water from Singur Dam to HMWSSB is 6.96 TMC per year out of 30.0 TMC storage capacity. At present, the allocated quantity is not even sufficient to serve in the HMWSSB own service area, as HMWSSB has several committed domestic and bulk supplies drawing water to a tune of 120 MGD water from Singur Dam to the twin cities including surrounding GHMC Circles. As such the present allocated quantity of 6.96 TMC is not even sufficient to meet the present requirements. Further due to depletion of water levels in Osmansagar, the M.A. & U.D. Dept., has sent the proposals to the Irrigation Department with a request to increase of 1.0 TMC water from Singur Dam to Osmansagar to cater the growing demand, the existing allocated quantity of water.

2. Government after examination hereby constitute a Technical Committee with the following members:

1. Engineer-in-Chief (AW)
2. Engineer-in-Chief (Irrgn.)
3. Chief Engineer (Inter-State) .
4. Engineer-in-Chief (HMWSSB,Hyderabad)

3. The above committee shall study different aspects of the Irrigation Projects to review the allocation of water from Singur to twin cities as sufficient water is made available from Krishna & Godavari rivers and also increase of 1.0 TMC water from Singur Dam to Osmansagar to cater the growing demand, the existing allocated quantity of water, keeping in view of the operational rules and guidelines laid down under G.O.Ms.No. 93 (I&CAD) Dept. dt .24-02-1990.

Contd.P.2.
